

Weston-super-Mare Radio Society
Application for Membership - 2009

I wish to apply for Membership to the Weston-super-Mare Radio Society and agree to abide by the Rules and Constitution of the Society.

Name.....(Block Caps, please) Callsign

Address

.....

..... Postcode

Phone Email address

Signed Date..... Age/over 16

Please note: - More and more of the Society's communications with members take the form of emails or notices on the website, thus providing speed and saving money and effort by not using conventional post. Please indicate here if you do not use internet facilities and would need to have a paper version of announcements sent to you -

Data Protection Act

Your membership details will be kept on a computer system only for the purpose of Society communications. Your data will be made available only to committee members and will not be used for advertising or similar uses by any outside party. If you have any objections to this, please inform the Honorary Treasurer when paying your subscription.

The Society *may* decide to publish contact details, such as phone number and email address, at some future date for the benefit of members, for example, on the Society website or in a newsletter for members – please indicate here if you object to this action -> YES/NO

The subscription for 2009 is only £10. Please fill-in this form and pass it with your subscription to the Honorary Treasurer as soon as possible.

For 2009, the Radio Society is *not* dealing with Social Club membership fees and members need to apply personally for Social Club membership and renewal, at a cost of £1.50 for males, £0.75 for females, for the year. Radio Society members *must* join the Social Club, which provides us with such a good meeting place and facilities which are open to members for the whole year. Please note that subscriptions for the Social Club must be paid by 28 January and your Membership Card must be produced, to be endorsed by the Social Club secretary. The membership fee and your card can be dealt with at the bar.

To assist in arranging popular activities and talks, please use the space below to indicate your interests in the world of Amateur Radio and listening: -

Construction	CW
